

HEY LOOK!

A few consignments to our sale this Saturday, November 16.

LOT 1, 17 year old AQHA registered 16.3 hand bay quarter horse gelding. Highly trained jumper/English/dressage horse. Lunges to voice commands. First to greet at barn door. Has been ridden western. Easy to catch. Loads nice. Stands for farrier. No buck or rear. Only reason for selling is he “fell in love” with our other main show horse compromising our show attendance as Biga becomes super nervous when “friend” is in show ring. He is fine traveling alone, but that is not a reality for us on most occasions. Hate to part with him, but he needs a fresh start. Will gladly share some video if interested.

REMINDER - All horses rode in, must be guaranteed sound, unless called otherwise in the sale ring and clearly announced over the sound system by our auctioneer..

ALSO - Anyone from out-of-state, paying by check, must have a bank letter of reference on file to receive a bid no.

LOT 3, 12 year old registered quarter horse gelding. Is a dream to catch, basically puts head in halter for you. Loads nice. Never a problem with farrier. Nice, basic ride regardless of sit time. Love this guy. Only reason for selling is haven't had the time for him we thought we would.

LOT 4, Halter broke filly. Stands tied, UTD on vaccine and wormer, broke to pony, been saddled, worked in the round pen. Good with feet. Sell Grade. Her dam was bought "open" so no stallion report. Said to be Hunt Ranch bred. Kids used her as a project this summer. Loads in trailer. No bite or kick.

If You sold your ride/lead in horse, Pick the new halter up when leaving the sale ring and put on the horse. Buyer has paid half the cost of the hater.

CHECK BACK - More horse consignments coming in. Although, you are welcome to just "drop in" with your horse or horses. **Our Buyers are waiting!**
