**RECAP-** The August sale was just like our past August sales. Less excitement & demand for the average saddle broke horses, as the season is coming to end for trail riding. BUT as always, the exceptional good looking, meaning top notch conformation or the exceptional well broke safe horses and finished solid performance horses still in big demand and will bring top dollars. We sure can use more of those to meet the demand.

The young prospects, yearlings and 2 and 3-year olds, halter broke only but carrying top conformation and top pedigrees sold just as high or higher than the plain looking good broke horses.

With the cost of training a horse, it makes more sense to buy or invest in the "best product" to recoup your investment.

Used Rope cattle sold \$400 to \$420

**Our Volume Loose sale, as always was top notch**
