

**Report from our December 13 "Pop Up" Good Weather Sale** - Sold 91 head. With the 7-day forecast showing warm weather for December 15, we sent out a "smoke signal" that we were going to host a special horse sale to accommodate those persons that could not make to our November 15 sale. A unprecipitated snow storm moved in early that day causing much of the state wide area visibility and road condition travel problems.

The last minute "Pop Up" sale turned out very well! ZERO NO Sales, we sold every horse. We had just a hand full of ride in horses with most of the horses selling on the loose. The market on the weigh up horses was as high as it has ever been. Buyers were out in full force needing horses to fill their orders. Our long time volume reputation brings in all the top buyers in the country.

Heavy weigh ups, 1000 lb and over sold \$500 to \$600  
Light weight older horses, 900 lb, sold \$250 to \$400  
Yearlings sold \$125 to \$250.  
Weanlings sold \$110 on plain fillies to \$350 on palomino stud colt.

**Rope cattle** - 2 used longhorn bulls, 550#, sold \$700 each.
