These are only a few of the quality horses sold and in same price range. The pictured horses & prices will give you a idea of the sale and the best place to market your horses - Sell the South Dakota Horse Sales Way! There were many other horses sold with same price range.

People love the idea of so many horses to choose from all in one day, all in one place. PLUS the sale preview prior to the sale in the indoor arena gives them a chance to see how the horse works in the open and to meet the Sellers, visit with them about their horse & if would meet your means, maybe take if for a test ride.

NOTHING BEATS THE EXCITEMENT OF COMPETITIVE BIDDING AT A AUCTION!

LOOSE HORSE SALE: Buyers are short on saddle horses and Sellers are short on time and choose to sell the drop off and go Loose Horse Sale way to market their horses. This resulted in many high dollar horses selling in the Loose sale and going back out to the country including to Buyers from out of State, and that requires a health and coggins test. The top Loose horses sold for \$4,000 - \$3900 - \$3400. & \$2850 - \$2800-\$2800-\$2800, or top 10 avg. \$2.870.00

NEW RULE: The Loose horse sale was meant for horses going to weigh up market (slaughter). From now on, if you want your Loose horse marketed as a saddle horse or bred mare with footnotes and a pedigree, you must submit a Neg. Coggins test upon delivery or it will be Green Tagged in as a Market/weigh up sale horse only.

AND absolutely no one in the Loose Horse Alleys trying out the horses after unloaded .
